

ISCTM Working Group “Diversity in CNS Clinical Trials”

Meeting, 19 Feb 2025, Washington, DC

Chairs: Siân Ratcliffe Smethurst, Abhishek Pratap

The group began discussing the FDA Study of Sex Differences in the Clinical Evaluation of Medical Products Guidance for Industry to provide comments to FDA. Plans were developed for interested participants to proceed with comments in offline work and a future online meeting. The group also began discussing a potential session proposal for a future ISCTM meeting.
