

MDD Subgroup of Accelerating Development of Psychopathology Measures Working Group

Group was provided a Google doc link to continue working on the manuscript.

Action Items and Updates from 20Feb26 ISCTM Annual Meeting

Volunteers for the following sections:

1. Concept elicitation/SurveyMonkey analysis: Erin Tomaszewski, Ryan Berry, Hayley Walsh
2. Psychometrics lit review: Leif Simmatis (**Erin to send already done info**)
3. Methods/Results: Leif (Hans Klein for Yoda/BI proposal) – **Preliminary work and websites provided in Google doc. A meeting will be scheduled in the next few weeks to discuss further.**
4. **First draft literature review: 30Mar2026 – please do your best to find some time to work on your writing sections over the next month.**
5. SurveyMonkey analysis: TBD, Mid to End of March review for analysis outline
6. Updates on sections assigned needed from: Manpreet Singh, Stephanie Sommer, Leif, Erin, Daniele Laverdure-Dupont, Tanya Ramey (scroll down in the google document to the sections, your names will be listed by the topics you have volunteered for)
7. Future plans for new scale validation work: Georgios Papazisis and Aikaterini Stravoravdi (from site in Athens, Greece) and Guang Chen offered to volunteer, along with Seth Hopkins. We will circle back as we get closer.
