

Welcome from President, ECNP

Guy Goodwin
University of Oxford

ECNP (The European College of Neuropsychopharmacology)

From 1987 for European Scientists to encourage research and facilitate communication of ideas in the convergent disciplines of applied neuroscience.

ECNP is a foundation (charity) based in Utrecht

Executive committee; CEO Alex Schubert; membership now largely open

ECNP (The European College of Neuropsychopharmacology)

Annual scientific congress
Academia, clinic, industry

Nice workshop for junior scientists

Travel awards and regional meetings

ECNP: new initiatives from 2007

Research networks

Child and adolescent clinical trials,
experimental medicine, schizophrenia

Practice: future clinical standards

ECNP schools – annual in adult, C&A,
research methods, bi-annual in geriatric
psychiatry

ECNP: outreach

"European Neuropsychopharmacology"

- ENP

original findings from basic and
clinical sciences

Dialogue with the European and local
regulatory institutions and regulatory
scientists as individuals, to inform policy
in neuropsychopharmacology.

Facilitate drug, device and
psychotherapy development through
applied neuroscience
