

Elena Polverejan, PhD

Janssen Research and Development

Elena Polverejan is a Scientific Director in the Statistical Modeling & Methodology group of Janssen R&D. She is currently her group liaison for the Immunology therapeutic area. Her research work has a focus on estimands, missing data methodology and their implementation in clinical trials. Elena is the lead of the Janssen Estimands and Missing Data Working Group. She is also the co-chair of the ISCTM Estimand and Missing Data working group. Elena joined Johnson & Johnson in 2004 and before that she worked at Pfizer for several years. She has been involved across the years in several therapeutic areas, including Immunology, Cardiovascular and Metabolic, Pain and CNS.
