

# Panel: Site and Patient Perspectives

Balancing Risk Mitigation with Site and Patient Burden and Acceptability

***Lori L. Davis, MD***

Professor of Psychiatry, University of Alabama School of Medicine  
Associate Chief of Research, Tuscaloosa VA Medical Center

---

# Disclosures for Lori L. Davis, MD

- Research Funding: VA, DoD CDMRP, SAMHSA, Social Finance
- Industry Research Funding: Otsuka, Alkermes, Aptinyx
- Consulting Fees: Otsuka, Lundbeck

# Buzz Words

- Patient Centricity
- Patient-Centric Trials
- Risk Mitigation
- Signal Detection

# Considerations for Discussion

- Site burden
- Participant burden
- Pressures that impact success
- Pressures that impact failure
- Access to study population
- Participant engagement
- Dynamics of site management to improve efficiencies
- Methods to enhance site performance
