

ISCTM AI-Machine Learning Working Group

16th Annual Scientific Meeting, February 2020, Washington DC

Co-Chairs: Adam Butler and Larry Alphs

The workgroup discussed providing recommendations for AI/ML framework to the field. The group divided into subgroups for discussion and potential plan of manuscript development from each group:

1. Biomarkers
2. Outcomes
3. Optimization
4. Placebo Response
5. Trial Enrichment
