

**ISCTM/ASCP Advanced CNS Clinical Trials Course
Curriculum Development**

**16th Annual Meeting, Washington DC
21 February 2020**

The joint ISCTM/ASCP curriculum development committee met in Washington DC to discuss plans for the upcoming Advanced CNS Clinical Trials Course to be held following the Autumn ISCTM Conference in September 2020. The group reviewed the draft application and the process for applying. Faculty members also presented their initial plans for the course and the group provided feedback. The next planning session was scheduled for early March 2020.
